

ExpressPost RETURN SERVICE

Instructions to Sender

- This service is free of charge and after carefully reading the instructions below please print this document (Printing in colour is preferred but not mandatory). A clear good quality barcode is required so An Post can track your item on its return.
- Please pack your product carefully, preferably in the original box with the original packaging. If this is not possible, please pack to equivalent standards to ensure the safe transit of the goods.
- Cut the label along the dotted line.
- Ensure that there are no other labels attached to your package.

- Affix the label securely to the front of the item you wish to return using clear tape ensuring the label is clearly visible;

Instructions to Counter Staff

This is a Fee Paid Express Post Return Label. Providing the item weighs <20kg, it should be accepted free of charge, scanned and a receipt should be issued to the customer.

If the barcode on the label cannot be scanned the item should not be accepted and the customer should be advised to take the item away and represent with a clearly printed label.
